ABOUT ME

I'm a dedicated MCA student with a genuine passion for technology and innovation. I love exploring new ideas, learning continuously, and finding better ways to solve problems. With a solid understanding of computer applications, I adapt quickly to new challenges and enjoy working both independently and as part of a team. I'm eager to seek new opportunities where I can grow, contribute, and make a meaningful impact.

PROJECT DETAILS

ONLINE CAB BOOKING SYSTEM
- Technologies Used: PHP, MySQL, HTML, CSS, JavaScript
- Designed and implemented a web-based system to book cabs online.
- User Registration Booking and Ranting services are provided.
- Admin module included driver management and booking history tracking.
